A long time FVB resident, Helen is known for being a smart fashionista and always ready with a quip! Helen is currently in Skilled Nursing Care and I know she'll receive many birthday cards wishing her a wonderful and very happy birthday from her friends across the campus.

Neighbors Helping Neighbors

The Gardens & Skilled Nursing Care Seek Volunteers

The Activities Department is looking for Independent Living residents who would be willing to volunteer a little of their time to visit with residents of the Gardens and the Inn. This is a wonderful opportunity to support a neighbor by assisting with an activity or simply spending time chatting and offering friendly companionship. Sometimes, a little company is the best medicine.

If you are interested in donating your time and making a meaningful connection and a big difference, please sign up in Book #2. An informational meeting will be scheduled later this month to provide more information.

Sunday Afternoon Nap Club Notes

The Nap Club is looking for a few people who are extremely boring to have conversations with folks who are having trouble falling asleep. A few residents come to mind. Please sign up in Book #5.

A Fabulous Seder Meal Prepared by Chef Gilles and Gene Zonis with the FVB Kitchen Staff

There were approximately 20 residents who participated in the Passover Seder which was ably led by Roberta Matz with Dick Wexelblat. The story of the Exodus, unchanged for many thousands of years, was told once again with each Seder participant reading a portion. Thank you Freedom Village for making it happen. It was beyond wonderful.

Township Meet & Greet

West Brandywine Township Chief of Police, Township Manager, Township Supervisors & the Public Works Director will be visiting Freedom Village. Each official will begin with a brief introduction and will then respond to questions that have been submitted in advance.
